WORK EXPERIENCE

Web developer

Freelance Work, Johannesburg — 2023 - current

- As a freelance web developer, I specialize in crafting dynamic and responsive websites tailored to meet the unique needs of clients across various industries
- Developed custom web applications, resulting in tailored solutions for client needs.
- Coded websites using HTML, CSS, JavaScript, React, Node and jQuery languages.
- Enhanced user experience by implementing responsive web design and optimizing website performance.
- Adhered to SEO best practices while designing sites.
- Established version control processes to facilitate collaborative development efforts among team members.

Sales Agent

Chelsea Dynamics, Sandton — Jan 2022 - Dec 2022

- Developed strong relationships with clients through excellent customer service and regular followups.
- Assisted call-in customers with questions and orders.
- Negotiated contracts with prospective clients, helping to secure long-term business partnerships.
- Increased sales and customer satisfaction through personalized servicing.
- Explained features and advantages of products or services to promote sales.
- Identified new targets, developed new business opportunities and presented product lines to customers.

Merchandiser

CMR Meridian, Johannesburg — Jan 2021 - Dec 2021

- Removed damaged, out-of-code, not-in-set and discontinued items from displays.
- Answered customer questions regarding store merchandise, department information, and pricing.
- Monitored inventory levels and kept adequate stock in product displays on sales floor.
- Updated pricing and signage to complete product displays and educate customers.
- Inspected merchandise for quality and arranged proper display location on floor.
- Managed inventory levels with regular monitoring, ordering, and stock replenishment for optimal product availability.

IT Support

BN Construction, Secunda — Dec 2019 - Sep 2020

- Provided staff with technical support, which includes troubleshooting operating systems, applications, and network issues, answering questions regarding application use and the installation of software.

P R O J E C T S
